With my rich experience building an eCommerce website for the iconic Canadian brand Zellers, I am seeking a front-end engineer role where I can also put my specialized SEO and debugging skills to use.

WORK EXPERIENCE

Hudson's Bay Service (June 13, 2022 - June 12, 2023)
Software Engineer

I worked as a SFCC Developer for HBC. I worked on creating a multi-banner website. Developed most of the content slots and recommendations slots available on zellers.com website and majorly contributed to building the product details page for zellers.com site

zellers.ca

Freelancing (April 05, 2021 - June 06, 2022)
Front-end Developer

I worked as a freelancer developing front-end UI. Developed over 25+ frontend UI for local and international clients.

EDUCATION

PES Institute of Technology and Management, Shimoga (June 06, 2018 - July 04, 2022)
BE, Electronic and communication enginnering

MaheshPUcollege,Mangalore(Stateboard) (April 05, 2016 - August 01, 2018)
Pre-universitycourse, PCMC

St. Joseph's Aksharadhama ICSE school, Shimoga(ICSE board) (May 09, 2010 - March 04, 2016)
High school

PROJECTS

Zellers.ca (November 02, 2022 - March 24, 2023)
I was part of developing zellers.ca

- Built a multi-banner eCommerce website using ISML, CSS, and JavaScript, resulting in a user-friendly and engaging online shopping experience.
- Designed and implemented key pages such as Contact Support, Home, Product Detail, and Product Array, resulting in improved user experience and increased sales.
- Contributed to the successful POC stage and production implementation of the eCommerce website, collaborating with cross-functional teams and ensuring project timelines were met.
- Ensured website responsiveness and performance optimisation across devices.

zellers.ca

thebay.com
salesforce developer

I contributed as a Salesforce developer to building content slots for thebay.com and mostly to fixing bugs on the mentioned webpage.

thebay.com

Personal Project
Personal Blog Page

Created a Blog page which has a bunch of projects done by me.
